Objective

As a junior ReactJS Front-End Developer, I have a solid foundation in web development technologies and a passion for creating dynamic and interactive user interfaces. I am proficient in HTML, CSS, and JavaScript, and have experience working with React JS and Next JS. I am eager to learn new technologies and best practices in the industry, and I am excited about the opportunity to work collaboratively with designers and back-end developers to bring innovative ideas to life.

Education

Port Said University   July 2022 - Oct 2018
